What is ACCS about?

Allegany County Cancer Services, Inc. is a nonprofit 501(c)(3) organization founded in 2006 that values a community response for residents of Allegany County living with a cancer diagnosis.

Our mission is to increase awareness of early, life-saving screenings and treatment and to assist Allegany County residents with transportation costs related to their cancer treatment.

We keep all overhead to a minimum so that the maximum of funds can be directed to county residents with cancer.

Our motto is “In Allegany County, For Allegany County.” Money donated does not go to a regional or national organization. It stays locally to be used to provide services to Allegany County residents only.

What can ACCS do?

Allegany County residents with cancer treatment expenses may be eligible for a single benefit of a gasoline gift card to assist with transportation expenses relating to current cancer diagnosis and treatment.

Visit our website, www.accsny.org for upcoming events, an application or more information.

VOLUNTEER
